

Trusted for mission-critical learning – built for the NHS

Trusted by 80+ NHS Trusts, Totara's LMS takes the pain out of audits, cuts compliance costs, and helps you motivate, develop, and retain staff.

Cut the cost of compliance

Be CQC audit ready

Motivate, develop and retain your staff

CQC look at compliance as an indicator your organisation is well led. They'll make ad-hoc requests to evidence compliance on certain areas. **With Totara it's really easy to report that out.**
